

Pre-owned CMM Equipment

Omni-Tech Item Number [1037](#)

TP2 to TP20 upgrade Kits (requires a TP2 in exchange for upgrade pricing)

Kit with one module [Price \\$ 750.00](#)

Kit with two modules [Price \\$ 1150.00](#)

Kit with three modules [Price \\$ 1700.00](#)

Module		Application	Trigger forces	Stylus lengths
SF - Standard force		Suited to the majority of applications	XY: 0.08 N Z: 0.75 N Stylus: 10 mm	10 - 50 mm
LF - Low force		Low trigger forces applications - e.g. rubber seals	XY: 0.055 N Z: 0.65 N Stylus: 10 mm	10 - 50 mm
MF - Medium force		Where a higher trigger force than standard is required	XY: 0.1 N Z: 1.9 N Stylus: 25 mm	10 - 60 mm
EF - Extended force		Large stylus assemblies or where vibration causes spurious 'air' triggers	XY: 0.1 N Z: 3.2N Stylus: 50 mm	10 - 60 mm
